# Dismissal Information

A camper may be dismissed from Camp Zanika due to disruptive behavior, illness, or homesickness.

Children are entitled to a pleasant and harmonious environment at camp. The program cannot serve children who display chronically or severe disruptive behavior. Chronically disruptive behavior is defined as verbal or physical activity, which may include but is not limited to such behavior that:

- requires constant one-on-one attention from staff.
- inflicts physical or emotional harm on children or staff.
- displays disruptive behavior,
- continually ignores or disobeys camp safety rules.
- Includes use or possession of illegal drugs, alcohol, weapons, or explosives

Reasonable efforts will be made to assist children in adjusting to the program setting. If the child cannot adjust to the program setting and behave appropriately, then the child may be dismissed. Dismissal due to illness/injury will be at the discretion of the Camp Director and the health care staff. This may include but is not limited to contagious diseases and extended illness.

Dismissal due to homesickness will be at the discretion of the Camp Director in consultation with the parent.

In the event it is deemed necessary for a child to be dismissed, parents/legal guardians or a designated emergency contact will be responsible for transportation of the child upon notification of dismissal. Failure to comply may result in notification and involvement of child protection or other legal authorities.
